#### Cheesy Fall Fair

We are on our way, I can see the midway's light  
On the "Wave Rider" it feels like you could take flight  
The crowd is large for the super frog jumping contest  
After the tractor pull I think my ears need a rest

We wake up on Saturday to hear mooing and baaing  
When we get there it's a rush to get everything ready  
On the baseball field you can see people sawing  
the heavy horses seem to be going quite steady

You can hear the pipe band as soon as the parade starts  
It is very sad when all of the fantastic floats depart  
The line for th Lion's Beef on a Bun is so gigantic  
If you want some after the parade it's going to be frantic

In the Community Centre all the exhibits were so cool  
I can see all of my good work from my year of school  
Now it is like leaving a very comfortable armchair  
I am sad because I must leave this very Cheesy Fall Fair
